Motorola Droid X2 Battery Replacement

Replacing the battery in a Motorola Droid X2.

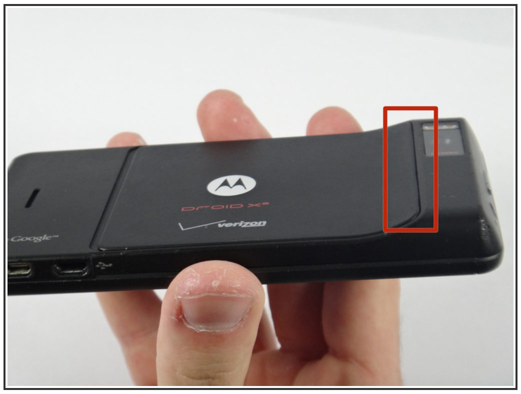

Written By: Aaron Mak

INTRODUCTION

This guide is for if your battery is dying and you need to replace it with another. No tools are need for this replacement. It is very straight forward.

Step 1 — Battery

- Slide the plastic case off of the back of the phone, exposing the battery.

Step 2

- Pull up on the red battery release tab and pull the battery out of the phone.

To reassemble your device, follow these instructions in reverse order.
